

## **St Tremeur School Irish Visit**

- Rob            Now just recently, a group of school children from St Tremeur school in Carhaix, went to Ireland and I'm here with the class - Hello everyone.....
- Class         Hello
- Rob            I'm going to speak first to their teacher who is going to tell us a little bit about the trip itself.
- Teacher       OK, so we took the boat to go to Rosslare then the coach to Galway where we visited a cathedral, the Claddagh village also we went to the town centre where they could do the shoppings, and after we went to New Grange neolithic site so they could do links with Carnac. After we went to Dublin, the National Gallery, the town centre and the Museum of the City Hall where they could learn a lot about Dublin also visited Trinity College.
- Rob            What do you think they gained from their trip to Ireland?
- Teacher       I think it was a good opportunity for them to speak with Irish people. It was a good thing for them to realise that you don't practice English only in a classroom but as well in a country with real people, and also it was an opportunity for them to visit a different country so to go away from Carhaix.
- Rob            Well you've heard your teacher say all about that, how about the kids, what do they think? Albert what were your impressions of Ireland?
- Albert         I really enjoyed it, it was really good fun and I had lots of good times.
- Rob            What was the best thing for you?
- Albert         Um, um, probably visiting Dublin.
