**Elaine:** Hello. Can you tell me your name?

**Victor:** My name is Victor

**Elaine:** And what have you been doing this morning Victor?

**Victor:** I was doing orienteering ...

**Elaine:** Orienteering! Where did you do that?

**Victor:** In the forest.

**Elaine:** Fantastic. Do you know what you're doing tomorrow?

**Victor:** Tomorrow I'm doing accrob ....

**Elaine:** Oh, accrobranche?

**Victor:** And, er, climbing

**Elaine:** Climbing as well, wow. Are you having a good day out from school?

**Victor:** Yes

**Elaine:** Thank you Victor. Thank you. Have a good day.

Hello, and your name is?

**Chloe:** Um, Chloe

**Elaine:** Chloe? Hello Chloe. And what have you done this morning?

**Chloe:** This morning we have done archery and it was great.

**Elaine:** Was it good? Good. Is it the first time you've done archery?

**Chloe:** Yes

**Elaine:** And did you get a bulls eye?

**Chloe:** Err..

**Elaine:** That's right in the centre

**Chloe:** Um, yes

**Elaine:** Well done you. And what are you doing this afternoon?

**Chloe:** Orienteering

**Elaine:** Orienteering, oh don't get lost. And tomorrow, do you know what you're doing?

**Chloe:** I were biking and sk ...

**Elaine:** And skyaking? Oh! And are you enjoying being out of school?

**Chloe:** Oh yes

**Elaine:** Yes, silly question that, isn't it.

**Rangeline:** My name is Rangeline. At morning I am climbing and this afternoon I have orienteering

**Elaine:** You're doing orienteering? And what are you doing tomorrow?

**Rangeline:** Tomorrow I am accrobranche and this afternoon I am kayaking.

**Elaine:** Hello, your name is?

**Noel:** Is Noel. This morning I take biking and this afternoon I take accrobranche and tomorrow I do um, archery and orienteering.

**Elaine:** Wow, you're having fun?

**Noel:** Yes.

**Elaine:** Would you like to stay longer?

**Noel:** Yes.

**Elaine:** OK, I'll have to have a word with your teachers then, shall I? Have a lovely afternoon.

And now over to a teacher of this little motley crew. Can you tell us what's going on here with the students.

**Rozenn:** It's just 2 days they outdoor, they're having fun they can do lots of different activities - orienteering, accrobranche, climbing, kayaking, it's just a break from school really and we didn't have the opportunity to have a break, I mean to get out of school, you know, this year because of covid-19 and all the rest. They're very happy to be here, and we are too. We had a nice relaxing lunch in the sun it's just brilliant for us and for them. And they can just take off their mask outdoor, you know. So when they're outside so it really makes a difference. Now we enjoy it more because we know that we can you know come back to the face mask and distances and er, so, yeah I think we understand that this is precious.

**Elaine:** This is what's happened isn't it, that the little things become really really the big things.

**Rozenn:** That's true. Being able to talk to someone without having a mask you know you can read their expressions and this is what communication is about. You know, not only the language but all the body language and

**Elaine:** So are the teachers also taking part in these activities?

**Rozenn:** Some are, the brave and courageous ones are, yeah, and the others just lie down in the sun.

**Elaine:** Thank you very much

**Rozenn:** Thank you

**Elaine:** It's good to talk to you again.
